Mrs. Fisher spoke of one fellow in particular that Jim Bronson had referred to her inquiring why the 200 level classes for A and P didn’t receive any CEU credits. Mrs. Fisher explained that was part of the curriculum for graduation and part of the Associate’s program and if he participated in a Bachelor’s program or higher level classes we
would give credits for those classes. Ms. Lalonde’s article was placed in the newsletter and on the website in regard to claiming CEU’s for college courses.

Mrs. Moore advised that Katrina Baker has been readmitted to a continuing care group at Questhouse in Bowling Green, KY for her third try at rehabilitation. Mr. Fingerson reports Ms. Baker signed and returned a KYPRN agreement as of May 29, 2008 but has not begun the monthly reporting process. However, Mr. Fingerson reports he gets weekly updates from the Questhouse on her. The Board agreed Ms. Baker will need to document one (1) year of continued sobriety working the KYPRN Program with Mr. Fingerson before requesting reinstatement of her license, which will not be any sooner than April 2009.

**Sharon Barnes KY # 0556 – AO 5/20/05 & Amended 8/17/06; March 18, 2008**

Mrs. Moore advised the Board that the Grand Jury met in Clark County, Winchester, KY on June 9, 2008 and returned an indictment against Ms. Barnes. The Board received allegations on March 20, 2008 by Nurse’s Registry, her former employer, and the Winchester Police Department, that Ms. Barnes had been arrested for stealing drugs at a patient’s residence in Winchester. The Board will await the outcome of the criminal case against Ms. Barnes.

**Tami D. Balser KY # 2181 – KYPRN Update & AO Pending**

Mrs. Moore discussed the draft Agreed Order Ms. Lalonde prepared for Tami Balser’s case with the Board. Ms. Balser needs to work with Mr. Fingerson to coordinate her rehabilitation with KYPRN and Bluegrass Comprehensive Care. The Agreed Order had one correction and Ms. McDaniel requested legal counsel to correct and staff to mail the Agreed Order to Ms. Balser consistent with the aims of the two programs to include:

**Cheryl D. Stevens, RPh – Email Re: Verbal Orders**

Mrs. McDaniel told the Board that she had talked with and had an email inquiry from Cheryl D. Stevens, RPh, Chief Operations Officer for Optioncare of Radcliff, KY regarding Verbal Orders. Ms. Stevens stated the respiratory laws state verbal orders are by “Physicians only.” However, Ms. Stevens stated “I realize in KY that ARNP’s and PA’s are generally recognized as physicians when it comes to orders. In Pharmacy, the practitioner covers ARNP’s and PA’s along with the doctor or the practitioner’s agent may call in an order”. Ms. McDaniel advised the Board that she had conferred with Ms. Lalonde about this inquiry and this is something maybe we would want to look into if we chose to open our laws for changes in the future. After much discussion the Board asked Mrs. McDaniel to reply to Ms. Stevens “our laws are plain” and calls “for a doctor to prescribe orders.”
Mary Hazelwood Inquiry Presented By Mrs. McDaniel

Mrs. McDaniel advised she had a phone call from Mary Hazelwood who works for a free standing emergency clinic (emergency room) that does not hold patients overnight but keeps them until they can be submitted to a hospital. Ms. Hazelwood had questions about working 24-hour shifts and what is the Board’s position on “patient abandonment”? Mrs. McDaniel advised she investigated the inquiry and could not find any laws on “patient abandonment” however, the KY Nursing Board has their own statutes on “patient abandonment for nurses” and they issue opinion statements which she presented to the Board. Mr. Becker requested we table this request for the August 14, 2008 meeting when legal counsel could advise us on this inquiry and request if we could issue an opinion statement patterned after the Nursing statement. Mrs. McDaniel will advise Ms. Hazelwood her inquiry is under consideration and the Board will review her request at the August meeting.
